For Sale.

We are offering for sale 305 acres of the richest land in Fayette county, O., situated six miles north of Leesburg, seven miles east of Salsina and three miles west of Buena Vista. It is a deep, rich black loam lying in the Lees Creek bottoms in Greene township, with a very few small clay knolls of good quality, which make good feeding places in wet weather.

This place is cut in two by the road, making 155 acres north of the road and 150 acres south of it. These two tracts may be sold together or separately, preferably together.

The 150 acre tract south of the road has on it a good seven room house, newly painted, a 40x40 barn, just building, with stables for ten horses, two granaries, a fifty ton mow and plenty of good shed room; corn cribs and other out-buildings necessary on a farm, two dug wells and a drilled well with a wind pump in it, furnishing a never-failing water supply, over 1,000 rods of new woven wire fence and a splendid system of tile ditches, making everything necessary to up-to-date farming.

The 155 acre tract across the road has no buildings on it, but is fenced and ditched and has a never-failing drilled well on it and, together with the 150 acre tract makes a splendid farm. We have the Citizens' telephone and rural delivery of mail, both from Leesburg.

If you are looking for a home or for a good farm as an investment, don't fail to investigate this offer. You buy of owners direct. No agent's commission to pay. Call on or address
